

12K Autumn Term Curriculum Overview

This term students will be studying the following topics in their KS5 curriculum

Subject	<u>Topic</u>
Functional Numeracy	Students will be working with number that can enhance their ability to deal with the world outside school. They will be working with money, time, timetables, and units of measure. They will carry out simulated shopping exercises.
English Exploring Advertising	This term 12K will be exploring the topic of advertising. Students will be exploring the purpose of advertising and the different types of advertising. All activities are linked to the accredited 'Entry Pathway for Additional English'
Enterprise	This term we will be using recycling and craft skills to make products such as accessories and decorations with a Christmas theme to sell at Borough Market and at school.
ICT	First half –term: Students will move their learning on and expand on their knowledge of computer coding using Espresso Coding to produce their own games and applications. Second half-term: Students will continue to learn about E-safety and produce Calendars using Microsoft Publisher.
Music	Garageband - Songwriting-part 1- creating a song following the template with verse/chorus/bridge/ending structure.
DRAMA	Devising and making a film. Students to use the camera, devise a story board and edit their footage. They will work together on every aspect of making and performing in a film.
ART	Work on the theme of Mozart's Magic Flute. Making puppets and animated sequences about each of the main characters.
Food Tech	This term students will be working towards their Active Kids 1 star chef award by developing recipes for seasonal soups. There will be a focus on independence and organisation throughout the topic.
Lambeth College Link Course	Students are working at the Clapham site and developing their vocational communication, literacy and numeracy skills through working on an enterprise project, with goods ready to be sold for Christmas.
