

# HIGHSHORE SCHOOL

17th April 2015

Dear parents and carers,

It was so good to see the pupils on Tuesday. They were so happy to be back and we enjoyed the lovely weather in the playground.

On Monday which was a staff training day we renewed our safeguarding training as a staff group. Child protection is at the heart of what we do and it was good to spend time reflecting on our practise. We spent some of the time looking at the risks of the internet. Later this term we will be running E safety training, for parents and I encourage you to come along. Our Governors will be renewing their safeguarding training next week.

The General Election takes place in May. Some of our oldest pupils in year 14 are eligible to vote. We will be holding our own general election on the day so that our pupils are involved in what is happening and understand the responsibilities of being a citizen.

Paddington, our April film night was enjoyed by 40 pupils last night. Thanks again for your support.

There's a lot happening this term, keep checking the website and make sure you are up to date with events.

Eileen
