### **BBC School News**

Nick gave an excellent presentation on the BBC Schools News Report which is on 10<sup>th</sup> March 2016. Nick will give all class teachers a link to his presentation so that classes can all watch it. The council was very excited to be part of the project and there were lots of good questions and ideas.

### **Key Stage Groups**

We broke into key stage groups to look at news stories which might be good for our first practice. Ideas included:

Key Stage 5: Enterprise and work Experience News.

Key Stage 4: Using music in classrooms.

Key Stage 3: Interviewing past pupils and news about the Christmas show.

Nick will work with a small group between now and Christmas to get a news story together for assembly and the website.

The council thanked Nick for his presentation and said they were looking forward to working with him.
