In the past year...

Qualification successes

All 6th form students have been working hard and their achievements have been recognised through different external qualifications.

All students working at entry level 1 have gained units that contribute to their **WJEC Entry Pathways Personal Progress qualification**.

All students working at entry level 2/3 have gained units that contribute to their **WJEC Entry Pathways Preparing for work qualification**.

A number of 6th form students have increased their **functional ICT qualification** level.

Our Enterprise Education programme has provided so many learning opportunities for our students.

We have made successful bids for grants to support our Enterprise projects.

£500

JUSTHOSPITALITY

£300

Slow Food®

£1000

£1000

Developing practical skills & generalising functional numeracy & literacy running Buff Bites catering

Showing perseverance and attention to detail upcycling furniture for Handmade@Highshore

Developing creativity and design skills making handmade brooches & decorations from deconstructed jewellery for handmade@highshore

Making and selling healthy snacks for staff and students in the Tuck shop

Funds raised in Enterprise helped to pay for the 6th form residential trip

Challenge, adventure and fun at Grosvenor Hall

6th form Lunch club

Students have been preparing their own snack lunches, choosing the menu, buying the food and cooking – with ‘light touch’ supervision from an adult. They have increased confidence and enjoy the social aspects of cooking and eating together.

College link courses
are going well

Clapham site

Students have been working on mini enterprise projects and sold their products in the college pop up shop.

Vauxhall site

Painting and decorating, bricklaying and carpentry for everyone – challenging stereo types and providing equal opportunities.

Work Experience

Our links with businesses, charities and in our community continue to grow in number. We really appreciate the support we receive from a growing number of organisations.

EST.1994

Ann Bernadt
Nursery School

JUSTHOSPITALITY

Students are benefitting from on site work experience

MIND charity shop

Robert Browning Primary school

Just Hospitality

Southbank Mosaics

KPMG

Two of our students are now employed by Choicesupport to interview Southwark service users.

Cat Rolley

**Work Experience
Coordinator**

Work Experience placement process

- ▶ Student Assessment and preparation
- ▶ Employer assessment and preparation
- ▶ Monitoring and maintenance of the placement

For successful placements we consider:

- ▶ Environment
- ▶ Health and Safety
- ▶ Employer needs
- ▶ Travel
- ▶ School Capacity for support
- ▶ Student attitude

Get your child ready for Work Experience by....

- ▶ Giving them tasks to be responsible for at home.
- ▶ Practice travelling on public transport.
- ▶ Practice time telling skills. Digital watches are easier.
- ▶ Encourage asking for help or a better explanation.
