

## 14M Spring Term Curriculum Overview

This term pupils will be studying the following topics in their KS5 curriculum

<b>Subject</b>	<b>Topic</b>
Functional Numeracy	<p>First half-term: Pupils will be working on their money skills. They will have opportunities in and out of school to embed their skills through class work, shopping and enterprise.</p> <p>Second half-term: Pupils will practise and build on their skills using weights and measure. This will link with Food tech, healthy life styles and independent living.</p>
English	<p>Pupils will be studying The Hobbit by JRR Tolkien. We are reading the novel and watching the films. Activities include map work, descriptive/imaginative writing, describing the settings, events and characters, reading aloud and expressing opinions. Activities will emphasise the development of reading, writing and communication skills.</p>
Enterprise	<p>Pupils will continue to build on independence, team work and work related skills through creating sensory bags for a school story bank and their gardening enterprise.</p>
ICT	<p>First half-term: Pupils will learn to use a variety of digital music packages to compose, mix and perform their music creations.</p> <p>Second half-term: Pupils will learn how to use emails and how these travel across the internet.</p>
Music	<p>Pupils will explore film soundtracks from familiar movies and learn to create drum tracks on Garageband.</p>
Art	<p>Plan an introduction for leaver's films: make story boards, sequencing, using ICT skills, write a script for leavers' assembly in summer.</p>
Food Tech	<p>Pupils will be planning and practicing preparing a healthy lunch and dinner using fresh ingredients and focussing on dishes from around the world.</p>
PE	<p>Pupils will visit off-site facilities to take part in physical activities (weather permitting at times).</p>
LEGO Therapy	<p>Having acquired the most important basic skills they will start building in pairs.</p> <p>The lessons will focus on the communicative aspect of Lego Therapy: sentence building, turn taking, listening skills, descriptive language.</p>

<p>Lambeth College Link Course</p>	<p>Pupils are working at the Clapham site and developing their vocational communication, literacy and numeracy skills as well as their creative craft skills through working on an enterprise project.</p>
