

12A Summer Term Curriculum Overview 2015/16

This term pupils will be studying the following topics in their KS4 curriculum.

Subject	Topic
Functional Numeracy	This term the students will be using numbers in everyday calculations around addition, subtraction, multiplication and division and applying these to everyday situations for example using money.
English	Continuing our exploration of branding. Exploring the role of gender and designing a product.
Enterprise	This term the group are making 'Grow' Greeting cards to sell to the public. This will include manufacturing the cards, promoting them, pitching to possible clients and selling. In addition, the class is also making business cards for Southwark Council. Part of the Entry Pathways Accreditation.
ICT	First half-term: Students will be revising for and taking their ICT functional skills entry level exams. Second half-term: Students will learn how computers use repetition and loops to do things over and over again (and again!).
Drama	Improvising, devising and performing. Students will work together to perform pieces of their own devising and based on their initial ideas.
Food Tech	Students in 12A this half term will be cooking and adding work to their WJEC course work that will be entered this summer: Independent Living: Food and Health and Food Preparation Skills.
Art	Japanese Art – work on the theme of Kabuki and Samurai Look at traditional Japanese costume, research the Kabuki story of Yaegakihime Use modern materials to make a reproduction Samurai helmet like the one in the story. Making Art work for a "Tanabata" (Star Festival) exhibition in the foyer on 7th of July
MUSIC	Continuing the introduction to Garageband on the iPad, pupils will work in 2s learning to create a song using a template with 2 or 3 chords, with focus on a structure that includes chorus, verse, bridge & instrumental.
PE	<u>Off-Site PE</u>

	<p>In this unit pupils use facilities in the local community to experience indoor and outdoor leisure activities. Taking into account interests of the students we promote positive attitudes towards an active and healthy lifestyle.</p> <p><u>Cricket</u> In this unit pupils focus on accurate replication & further developing, implementing and refining techniques used to play a simple game of cricket.</p>
Lambeth College Link Course	Pupils are working in the construction department at the Vauxhall site. Each term they study a different course in either painting and decorating, carpentry or bricklaying.
Life Skills	The class will continue work that focuses on their individual targets in Literacy, Numeracy, Communication and Social Skills. Part of the Entry Pathways Accreditation 'Developing Self'.
PSHE	12A will begin a new Entry Pathways module 'Dealing with problems in everyday life'. This will involve exploring issues students regularly face in and out of school; mainly focused around safety in the community, maintaining healthy relationships, and conflict resolution.
