New Family & Transitions Worker

My name is Nancy Du Bois and I have many years experience of working with families in Southwark. For over six years I have been working as a Family Support Worker across three primary schools in the Southwark area; one is a large Community School, one a Special School and one a small Catholic School. In each school I have worked very closely with the families offering practical and emotional support and have built up many close relationships. I have also run many different workshops, groups, and parenting classes over the years and have been involved in projects with Save the Children. I enjoy the work that I do and I am really looking forward to working at Highshore and getting to know you all soon.—Nancy
 Nancy will be starting here on Monday 23rd May.

Dear Parents and Carers,

On Wednesday evening Jackie (School Business Manager) and I received a cheque for £1200 from the Camberwell Neighbourhood fund. This is to put towards a pop up stall to be used for selling our hand made items made by the pupils during their enterprise education. We're really grateful for the award.

There was a good crowd at film club on Thursday. Forty pupils watched "The Good Dinosaur" and really enjoyed the film.

Today the Mayor of Southwark Councillor Dora Dixon Fyle presented certificates in assembly to pupils who entered the competition on "Green Spaces in Camberwell" organised by Southwark council. It's always a pleasure to see Cllr Dora who is a huge supporter of our school. Well done to all the pupils who received certificates!

I hope that you all enjoy the bank holiday on Monday and look forward to seeing everyone on Tuesday!

Eileen

SaLT Storytelling group—during the half term on Thursday 2nd and Friday 3rd June. Please return slips from letters sent out this week.
