

HIGHSHORE SCHOOL

13th May 2016

Dear Parents and Carers,

Thank you to those of you who came along to the resource making group on Monday. The amount of work that was completed was incredible and colleagues were really grateful for your help.

We're all busy getting ready for our London day next week. On Friday 20th May the whole school will be out exploring faith and culture in London. We will take plenty of photo's for the website and the newsletter. Hopefully we'll have good weather.

Next Thursday evening is film club – please do sign up if your child wishes to stay. Around 40/50 pupils usually enjoy the film. This is in addition to pupils who stay for clubs.

On Tuesday next week we have a theatre company performing for some key stage 4 and 5 classes. The performance is called "Speaking up" and is designed to help young people find their voice in difficult situations.

Eileen

Curriculum Committee report

In our recent meeting of the curriculum committee of the governors we heard all about literacy and English from Lizzy. She reported that things are going well, that students are making good progress, and she told us about some of her exciting plans for the future. We also looked at the school development plan for 2015-16 and were very encouraged to find that a great deal had been completed and that many other parts of the plan were well on the way. Well done everyone! Eileen and Kevin are now working on 2016-17.

Julia Field

Chair of the Curriculum Sub Committee

Cinema Club - Thursday 19th May

Shark Tale

Return your permission slips as soon as possible
