

HIGHSHORE SCHOOL

10th June 2016

Dear Parents and Carers,

It's great to be back after the half term break. We've enjoyed the sunshine this week. It was good to see the few of you who came to Nancy's first coffee morning. Nancy will also be facilitating our parent resource making group on Monday. Please do come along if you're able to do so between 10am -12 noon.

On Wednesday year 8 enjoyed their visit organised by access to sport – especially the smoothie making! 12K also had an excellent day out at Ripley's believe it or not museum as part of their Jack Petchey prize. Last night a good number of pupils enjoyed film club whilst others were taking part in drumming club. The drummers are busy practising for our Olympic day celebrations on Tuesday 21 June.

Today we celebrated the Queen's birthday! The school looked wonderful in red, white and blue. Thank you to all of you for your support. We held a special assembly where we found out more about our Queen. I'm writing this before our street party this afternoon. Thanks go to the parent's group who are supporting this by making sandwiches and to Harrison's our caterers and Just Hospitality who are donating food for the event. Everyone is so excited. There will be pictures in the newsletter next week.

Eileen
