

Class 13L - Summer Term Curriculum Overview

This term pupils will be staying with their class teachers who will deliver a variety of subjects and topics as part of our *Recovery Curriculum*.

Subject	Topic
Literacy	Literacy this term will focus on the Mental health & Well-being of 13L returning to school after the lockdown. The class will focus on 'how to write daily diary entries' and will be encouraged to 'reflect' on their feelings, challenges and successes each day. A gratitude Class Jar will also be encouraged to promote 'praise' to others and create positive affirmations after such a tough year!
Numeracy	Numeracy this term, will focus on developing 13L's 'functional maths skills', we will continue our morning 'café/numeracy' lesson which focusses on handling money and budgeting. The Head of Maths is also introducing a new and very exciting Maths curriculum, which includes 'Power Maths', 'IXL', 'Mathantics' and Pearson functional and Entry Level Maths! More information to follow soon!
PSHE	Understanding the Virus helps 13L become better equipped to stay safe and well so we will continue to look at Personal Hygiene. It's even more important than ever to go over 'Hands-Face-Space'. New developments surrounding Covid will also be discussed such as Vaccinations and Lateral Flow testing. First Aid has also been introduced for 13L. This covers minor injuries - when and how to apply plasters and bandages. The lesson will then lead on to more major injuries - techniques such as the Recovery Position and CPR. 13L will learn how to contact Emergency Services and what danger signs to look out for if ever faced with a First Aid situation themselves.
Science	Science will focus on Health. After a year of lock down it is great to reinforce how important it is to make healthier food choices and lead a daily Exercise routine. We will also look at some important systems of the Human Body such as Muscular, Circulatory, Digestive, Endocrine, Nervous and the Immune system.
Art and Craft	13L are planning, designing and making their own projects this term. Lino Printing and Dry Clay making are their top choices! We cannot wait to see the finished products of 13L!
Mindfulness	We are going to use Music, Drama, Yoga, Movement breaks and Well-being activities to keep calm and promote a healthy Mind and Body.
Life and Work skills	13L are going to focus on 'Life after Highshore'. We will be focussing on skills to help with Independence so that the transition to College or Work is less of a worry! All kinds of forms (paper and online) and Interview skills will be explored. Group Travel Training will take place to prepare for

	future journeys. Life skills for 13L will focus on Cooking, Cleaning and Self Care skills that will help 13L to be more independent.
Citizenship	This has become a favourite subject for 13L. The theme is 'Debating'. All areas of the citizenship curriculum are debated. Each lesson involves a debate, For or Against, ending in a Vote! Debating helps with confidence, public speaking, and helps challenge misconceptions by speaking and listening! A debater (pupil) tries to influence the feelings of the audience (13L) in order to persuade them on a set topic!
Geography	Geography lessons have begun, 13L are looking at countries within the United Kingdom and that will expand to the EU and rest of the World. Capital cities, Flags and Famous Landmarks are being studied. This will include virtual tours of famous landmarks and webcams located in Cities around the World.
PE	13L will now have a weekly regular slot of PE lessons. The focus will be on 'Team Sports' to help promote physical health and also social communication, problem solving and encouraging all play and social skills.
