

Weekly Newsletter

Dear parents and carers,

Welcome back to school after the half term break. We're pleased to report that the new classroom space has been completed over the holiday and is a very positive addition to the site. Our thanks go to Raybridge our builders who were understanding of our needs and very professional throughout the build.

After school clubs resume next week for the first time since COVID. We still have some spaces. Please contact Sarah Di Campo, Assistant Head if you would like a place for your son/ daughter. Kindly note that **pupils must be collected at 4-15pm**. We have no staff available after this time.

Mike Barrett, our medical lead and Assistant Head, is unwell at present. If you have any medical questions or concerns please contact Nick Clark.

The weather is now much colder. Please make sure your son/ daughter brings a coat to school. A hat, scarf and gloves are advisable. We get out into the playground twice every day. We don't want pupils catching cold and colds spreading across the school. Thank you for your support.

We're meeting with Harrisons our caterers shortly. If you have any feedback regarding school lunches please contact Nick Clark nclark@highshore.southwark.sch.uk so he can share this with them.

Thank you as always for your support,

Eileen

Pupils of the Week

7J	Emrah—For his understanding and helpfulness towards other students in lessons especially PSHE

Star of the Week

Helen (14L) - For an excellent start at her work experience placement

Attendance Update—The Year so Far

We are happy that we have got through the first half term without too much absence. The school aims for 95% attendance, we are currently on 90.62%. With Covid-19 restrictions changed, meaning pupils no longer have to self isolate unless showing symptoms or a positive test result, we hope we can increase attendance to our target. We currently have 38 pupils with 100% attendance this year.

Links and Events

Parenting Smart' by Place2Be

The children's mental health charity Place2Be has launched, aimed at helping parents with typical situations they can find themselves in with their children.
