

10C Summer Term 2022 Curriculum Overview

This term pupils will be studying the following topics in their curriculum.

Subject	Topic
Literacy	This term we will be completing the WJEC Exploring Poetry. Then we will be studying Shakespeare's Macbeth- the plot, characters and key scenes. We will be completing WJEC Introduction to Shakespeare. We will be developing Speaking and Listening skills.
Maths	Power Maths Yr2 Spring/ Summer Unit Measurement: Area and Perimeter. Geometry: Angles, Shape and Symmetry. Statistics. All year 10C students will be working towards Entry Level Maths. Students able to participate will be tested at the end of June 2022. Please continue to support your child by revising Money and Time. Work is available on IXL Math.
Art	This term students will be working on a Bronze Arts Award project, researching artists, developing drawing, mark making, painting and collage art skills. We will be experimenting with shapes, colour mixing, painting, pattern and texture. Students will create designs and respond and record images and critical observations. We will be working with an artist from Peckham Platform.
Citizenship	Citizenship carousel aims to give the students the knowledge, skills and understanding they need to lead confident, healthy and independent lives, and to become informed, active and responsible citizens. Citizenship helps students develop as members of school, neighbourhoods and wider community.
Computing	Pupils will learn in the first half term about ICT Communication (data) learning and understanding binary numbers and in the second half term learning and understanding how to use graphs and tables to show information.
Drama	Students will be using drama and role play to enact scenes from the Star Wars film 'The Force Awakens'. Students will be working in small groups to create class performances using staging, lights and costume
Enterprise	The class will continue making handmade paper from recycled materials including Junk mail, pencil shavings and fabrics, with a particular focus on working independently of adult help and teamwork.
Humanities	In humanities this term students will continue to work towards their WJEC Entry Pathways certificate. Having completed the

10C Summer Term 2022 Curriculum Overview

This term pupils will be studying the following topics in their curriculum.

	<p>unit on World War 1, students will be looking at 'A non-british society in the past'. Students will develop their knowledge of the world in the aftermath of the first world war, by learning about the roaring 20s, the great depression, and the similarities and differences between US society then and our society now.</p>
Music	<p>Term 3 subject is 'Melody'. Students have so far covered 'Rhythm and Beats' in term 1 and 'Chords and playing as a Group' in Term 2. This term, students will be concentrating on using individual notes to both improvise freely and learn structured famous tunes. They will use a combination of virtual electronic simulated instruments plugged into the class PA system as well as keyboards, guitars, xylophones and even a theremin (think of the Doctor Who theme song). They will also use a colour code system in order to begin reading music and follow structure.</p>
PE Theory	<p>OCR Accreditation. This term the students will be continuing activities in which they will develop themselves and others. Students will begin to analyse their own or another's performance, identifying strengths and weaknesses and suggesting how performance may be improved.</p>
PSHE	<p>Living in a Wider World – Rights and Responsibilities Students will be exploring the definition of the Rights and Responsibilities. Students will take part in discussions and establish the difference between wants and needs. Human Rights Students will gain information about Universal Declaration of the Human Rights and explore right to education in different countries. They will learn about diversity and discrimination and how to recognise and respond to prejudice. Students will discuss the meanings of stereotypes and talk about why they are deeply fixed within social institutions and wider culture. Students will be taking part in embracing our difference and celebrating diversity. Lessons will be exploring the role and importance of human rights activists -Martin Luter King, Greta Thunberg.</p>
Science	<p>Students will be continuing their Edexcel Entry level Science assignments and tests. The first topic will be learning about Forces, movement and energy. This is a Physics based topic and will involve lots of investigative experiments. Science recommends the BBC website. It is a great resource for learning about Science. Here is the web address www.bbc.co.uk/education. They can also go to</p>

10C Summer Term 2022 Curriculum Overview
