

Dear parents and carers,

We all enjoyed culture day immensely. Activities included: Umbrella theatre company, George the storyteller, Interplay theatre company, an Architects workshop, a Greek culture event, a multisports festival and a sightseeing day on the river. Thanks go to all colleagues for their support. Next week is our sports day which you've already received information about. Pupils will be wearing various colours depending on their group.

Colleagues did really well in managing their journeys during the transport strike this week. Many of us had much longer journeys too and from school. Due to the industrial action we cancelled year 6 club for the week. The club will resume on Monday. We continue to have a small number of COVID cases each week.

A number of our older pupils are taking part in exams over the next couple of weeks.

Please do return your pupil survey to me. The survey is very helpful to us. Pupil reports will be sent home during the week of 11th July.

A number of parents have asked us the date of the last day of term. Pupils break up on Friday 22nd July from 1-30. We will send next years term dates home before the end of term and will add them to our website.

Have a good weekend,

Eileen
