

Dear parents and carers,

Around 30 parents joined us onsite on Monday for our destinations evening. It was so good to see people and what was evident was how happy parents were to see each other. Parents were able to speak to post 19 providers and the school team. Thanks go to Dom Fryer for arranging the event. On Thursday we held a coffee morning for year 7 parents—5 parents joined us. It was a great opportunity for parents to meet each other. We're holding our year 7 parents evening on Monday.

Please remind your son/daughter that if they bring a mobile 'phone to school this must be handed to their class teacher on arrival. If a pupil travels to and from school on school transport there is no reason for them to bring a mobile 'phone to school. Please support us in keeping all our young people safe.

Please also remember to label coats and jumpers if possible. We have a growing pile of jumpers and coats in the school office and it's taking up a lot of time to try and sort this out. Thanks for your support. The weather has turned colder. We try to get out into the playground as much as possible. Please do make sure your son/daughter brings their coat to school.

Our parent group is meeting onsite on Monday 10<sup>th</sup> October. Please contact Don Burford through the parent group email address if you'd like more information; [info.hpgroup@aol.com](mailto:info.hpgroup@aol.com).

Wishing everyone a good weekend,

Eileen

## Pupils of the Week
