

Dear parents and carers,

The term has gone so quickly and we break up today ready for the holiday! We finished today with a special assembly. There have been many highlights this term including World Book day, Red Nose day and business Links day. Our young people always enjoy an event and we have more coming up next half term! We've also had our OFSTED inspection this term. Hopefully the report will be published soon.

Tomorrow our year 6 pupils will be joining us onsite for the first time. We welcome them and their parents to our Highshore family,

On Friday our parent group held a reunion for former members and their young people. It was wonderful to see some of our former pupils, some as old as twenty six years of age and parents and to catch up with their news. It really was a lovely evening. Thanks go to our parent group for organising the event.

Recruitment for the Headteacher post is underway and Governors hope to interview at the end of the week pupils return from the Easter break. The new postholder will start in September.

Thank you for your support this term. We hope that everyone has a good break. Pupils return on Tuesday 18th April at the usual time.

Eileen

## Pupils of the Term

A massive shout-out to Molly, who has recently been helping to deliver parcels for the family business! Well done Molly!

# Spring Roundup!

Business Links Day was a huge success, with classes visiting and hosting many of our work experience partners across London.

World Book Day is always huge at Highshore, and we always get an incredible cake from our friends at Fooditude.

World maths Day was a first for us last week, and we learned a lot of new skills!

Red nose day was so much fun, and we had a funny picture challenge!
