

Dear parents and carers,

We've enjoyed the lovely weather this week. London day was a great day and pupils had the opportunity to try foods from a variety of cultures in London including Turkish, Lebanese, Portuguese and more. Pupils travelled to Brixton, Camden and St James' Park. Several groups visited Vauxhall City Farm. Everyone enjoyed their day. Linked to London day, we've held a competition for classes to record an interesting fact about our amazing city. The joint winners are 12L & Year 12 whose facts are; Did you know that Waterloo Bridge was built by women in WW2? And did you know that London Busses were not always red? They were different colours depending on destination.

We've had a busy half term and are looking forward to the break. The weeks have gone quickly! There has been lots to enjoy including our coronation dance workshops and street party, two residential and London day. There is already a lot planned for next half term including Sports day, STEM (Science, Technology, Engineering and Maths) day, a fun afternoon and of course, events involving our leavers.

Holiday dates from September 23 are attached to the newsletter. Kindly note that I am not allowed to authorise holiday in term time. Please make sure that family holidays and celebrations are booked within school holiday periods.

We break up today and return on Monday 5th June at our normal start time.

Have a great weekend,

Eileen

## Pupils of the Week

7G	Ruby — For her politeness around the school and on the London Day Trip towards staff and students
7J	Emmanuel — For a positive return to school
