

Dear Highshore families,

As Evelina mentioned last week, you'll now be hearing more voices from around the School.

What a week this has been! We have been busy celebrating Children in Need throughout the school. Classes have been busy making Pudseys, learning about Children In Need and on Friday we raised money towards Children in Need through our Enterprise café.

Throughout the week there has been a competition to find the hidden Pudseys around the school. Students had to find them, (following some clues) and write down the location of the hidden Pudseys. They then entered this into a raffle for a prize. The winners of the raffle are Daniel (10L), Talal (7R), Donnell (12N), Junior (12N) and Diego (7R). Well done to those students who get a free item from the café today!

Whilst all this has been happening we have continued with our termly lesson observations. These are always a wonderful showcase not just of our teachers but also our students – who continue to amaze and inspire.

Have a great weekend,

Sam
