

Highshore School

School Priorities 2023-24

Quality of Education:

To ensure all pupils are supported to read and functionally communicate in order to access our adaptive, research driven and impactful curriculum.

Behaviour and Attitudes:

To ensure that student behaviour and attitudes towards learning are supported by focusing on strategies and self-regulation.

Personal Development:

To develop our curriculum and offer to ensure students personal growth by providing variety of experiences and a holistic approach to development.

Leadership and Management

To ensure that we remain ambitious, aspirational and set high expectations for staff in all aspects of school life.

Preparation for Adulthood:

To develop a sixth form curriculum and careers offer to ensure all young people are prepared for adulthood and being active part of their communities.

Safeguarding

To ensure our systems remain highly effective in order to we keep our students safe with increasing dangers both in the community and online.

Community:

Students and families to be part of the school and wider community.

Fair

Equal

Our Values

Kind

Respectful

Communication | Self-Help Skills | Independence
